

# Fountaine Pajot 46 Bahia

## Catamaran

*Fountaine Pajot*  
C A T A M A R A N S

The Bahia 46 has been designed to the most demanding list of specifications by architects Berret/Racoupeau. An extremely capable offshore catamaran, the Bahia 46 is ideally suited to blue water cruising with an emphasis on stability, comfort, safety and spaciousness with all living areas on the level.

The length of 14,05m gives a slender shape with a very low gravity centre and the sailing area of 130m<sup>2</sup> a very effective performance.

With a clean and obstacle-free deck, the Bahia 46 affords easy movement and safe handling with an integrated saloon and cockpit that has generous entry access.

There is ample room at the raised helm station to accommodate three people and all manoeuvring is conveniently controlled from this one central location.

The Bahia 46 has been manufactured with new technology including an infused sandwich

composite hull plus a deck house moulded with new RTM eco-technology.

The catamaran is ideal for convivial entertaining with its social areas comprising a card table facing the sea, an L-shaped kitchen featuring a revolutionary new refrigeration system, an indoor and outdoor dining table plus exterior corner lounge.

A decent sunbathing deck at the aft of the Bahia 46 enjoys exceptional protection from the elements while underway and provides yet another idyllic setting relaxation. Each of the cabins boast magnificent sea views from the spacious portholes while the low beds, private bathrooms with separate showers and passageways without thresholds enhance the vessel appeal.

Bahia 46 comes with 4 double cabins with ensuite facilities and two single berths, 2 side bunks, 4 toilets.
